

**MTR**  
NZ MOBILE TEXT  
RELAY SERVICE

NZ RELAY

Would you like to use  
a Smartphone or Tablet  
to communicate with  
hearing people?

NZ Mobile Text Relay (MTR)  
enables Deaf people to make  
a relay call using their mobile  
phone, anytime and from  
anywhere, 24/7!

Imagine making a relay call directly through  
your mobile phone! MTR makes it possible...

MTR makes communicating on-the-go easier  
than ever before with access to an internet  
connection\*. One pop-up dialing, call setup,  
and conversation. Text as long as you'd like.

Stay in touch 24/7 no matter where life  
takes you.

\*Depending on mobile phone or internet  
plan, data charges may apply

# How does NZ Mobile Text Relay work?

Connect with friends, business people, professionals, take-away outlets. You name it, we can connect you!

Connect and stay connected when you use NZ Mobile Text Relay. NZ Relay Assistants will take your text messages and relay them to the hearing person you want to communicate with.

## MTR NZ MOBILE TEXT RELAY SERVICE

NZ RELAY

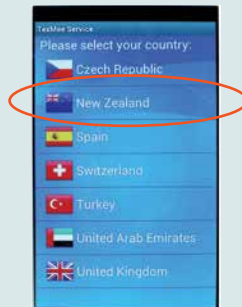

1

Download the Free **TexMee** application\*. Search in AppStore, Google PlayStore, BlackBerry Appworld for '**TexMee**'. Install the TexMee application on your device.

2

Select **New Zealand** as your Country Of Residence.

3

Scroll down the service directory list and select **NZ Mobile Text Relay service**.

4

Open the **TexMee** application and start your conversation.

## What is TexMee?

**TexMee** is an application that allows user's to run a soft text telephone in a mobile handset in order to make IP text relay calls.

### \*TexMee Requirements

- ✓ Internet connection: User's mobile handset must be able to connect to the Internet. The application operates best when you have a good quality signal.
- ✓ The application can run on all iPhone and iPad devices that are based on iOS, as well as Android and selected BlackBerry operating systems.
- ✓ Depending on your wireless service plan data charges may apply.
